Need healthcare over the holidays?

This practice is closed today.

If you’re unwell over the festive period, there are a number of NHS services available:

Pharmacists can advise on many common winter ailments – check www.northumberlandccg.nhs.uk for festive opening hours.

Walk-in centres can help when you need urgent healthcare that is not an emergency – and we have brought in extra staff to help the walk-in centres at Wansbeck and Hexham hospitals.

Walk-in centres will be open over the holiday period.

If you’re not sure which service you need or for general health advice, just call NHS 111 or visit www.nhs.uk
