- for the design, construction and maintenance of building and engineering works (including construction and maintenance of grounds and gardens); for disposals.

10.4.2 Health Care Services

Where the CCG elects to invite tenders for the supply of healthcare services these PFPs and DFPs shall apply as far as they are applicable to the tendering procedure and need to be read in conjunction with DFP 11 and 12.

10.4.3 Exceptions and instances where formal tendering need not be applied

Formal tendering procedures **need not be applied** where:

- (a) the estimated expenditure or income does not, or is not reasonably expected to, exceed **£50,000**; or
- (b) where the supply is proposed under special arrangements negotiated by the DHSC in which event the said special arrangements must be complied with;
- (c) regarding disposals as DFP 15.6.

Formal tendering procedures **may be waived** in the following circumstances:

- (d) in very exceptional circumstances where the Accountable Officer decides that formal tendering procedures would not be practicable or the estimated expenditure or income would not warrant formal tendering procedures, and the circumstances are detailed in an appropriate CCG record;
- (e) where the requirement is covered by an existing contract;
- (f) where PASA agreements are in place and have been approved by the Governing Body;
- (g) where a consortium arrangement is in place and a lead organisation has been appointed to carry out tendering activity on behalf of the consortium members;
- (h) where the timescale genuinely precludes competitive tendering but failure to plan the work properly would not be regarded as a justification for a single tender;
- (i) where specialist expertise is required and is available from only one source;
- (j) when the task is essential to complete the project, and arises as a consequence of a recently completed assignment and engaging different consultants for the new task would be inappropriate;
- (k) there is a clear benefit to be gained from maintaining continuity with an earlier project. However in such cases the benefits of such continuity must outweigh any potential financial advantage to be gained by competitive tendering;
- (l) for the provision of legal advice and services providing that any legal firm or partnership commissioned by the CCG is regulated by the Law Society for England and Wales for the conduct of their business (or by the Bar Council for England and Wales in relation to the obtaining of Counsel's opinion) and are generally recognised as having sufficient expertise in the area of work for which they are commissioned.

The Chief Financial Officer will ensure that any fees paid are reasonable and within commonly accepted rates for the costing of such work.

- (m) where allowed and provided for by the "Capital Investment, Property, Equipment and Digital Technology" approach.
The waiving of competitive tendering procedures should not be used to avoid competition or for administrative convenience or to award further work to a consultant originally appointed through a competitive procedure.

Where it is decided that competitive tendering is not applicable and should be waived, the fact of the waiver and the reasons should be documented and recorded in an appropriate CCG record and reported to the Audit Committee at each meeting.

10.4.4. Fair and Adequate Competition

Where the exceptions set out in DFP No.10.4.3 apply, the CCG shall ensure that invitations to tender are sent to a sufficient number of firms/individuals to provide fair and adequate competition as appropriate, and in no case less than two firms/individuals, having regard to their capacity to supply the goods or materials or to undertake the services or works required.

10.4.5 List of Approved Firms

The CCG and the Governing Body shall ensure that the firms/individuals invited to tender (and where appropriate, quote) are among those on approved lists. Where in the opinion of the Chief Financial Officer it is desirable to seek tenders from firms not on the approved lists, the reason shall be recorded in writing to the Accountable Officer or Governing Body.

10.4.6 Building and Engineering Construction Works

Competitive Tendering cannot be waived for building and engineering construction works and maintenance (other than in accordance with Concode) without NHS England and NHS improvement approval.

10.4.7 Items which subsequently breach thresholds after original approval

Items estimated to be below the limits set in this DFP for which formal tendering procedures are not used which subsequently prove to have a value above such limits shall be reported to the Accountable Officer, and be recorded in an appropriate CCG record.

10.5 Contracting/Tendering Procedure

10.5.1 Invitation to tender

This section of the policy lays down high level procedures to be followed for paper based Tendering: In using any E-tendering system as an alternative to the paper based approach the Chief Financial Officer of the CCG must be satisfied that at least equivalent controls are in place to ensure a fair competitive process.

- (i) All invitations to tender shall state the date and time as being the latest time for the receipt of tenders.
- (ii) All invitations to tender shall state that no tender will be accepted unless:
 - submitted in a plain sealed package or envelope bearing a pre-printed label supplied by the CCG (or the word "tender" followed by the subject to which it related) and the latest date and time for the receipt of such tender addressed to the Accountable Officer or nominated Manager;
 - that tender envelopes/ packages shall not bear any names or marks indicating the sender. The use of courier/postal services must not identify the sender on the envelope or on any receipt so required by the deliverer.
- (iii) Every tender for goods, materials, services or disposals shall embody such of the NHS Standard Contract Conditions as are applicable.
- (iv) Every tender for building or engineering works (except for maintenance work, when Estmancode guidance shall be followed) shall embody or be in the terms of the current edition of one of the Joint Contracts Tribunal Standard Forms of Building Contract or Department of the Environment (GC/Wks) Standard forms of contract amended to comply with Concode; or, when the content of the work is primarily engineering, the General Conditions of Contract recommended by the Institution of Mechanical and Electrical Engineers and the Association of Consulting Engineers (Form A), or (in the case of civil engineering work) the General Conditions of Contract recommended by the Institute of Civil Engineers, the Association of Consulting Engineers and the Federation of Civil Engineering Contractors. These documents shall be modified and/or amplified to accord with NHS England and NHS Improvement guidance and, in minor respects, to cover

special features of individual projects.

- (v) Every tender must have given, or give a written undertaking, not to engage in collusive tendering or other restrictive practice.

10.5.2 Receipt and safe custody of tenders

The Accountable Officer or his/her nominated representative will be responsible for the receipt, endorsement and safe custody of tenders received until the time appointed for their opening.

The date and time of receipt of each tender shall be endorsed on the tender envelope/package.

10.5.3 Opening tenders and Register of tenders

- (i) As soon as practicable after the date and time stated as being the latest time for the receipt of tenders, they shall be opened by two senior officers/managers designated by the Accountable Officer and not from the originating department.
- (ii) A member of Governing Body will be required to be one of the two approved persons present for the opening of tenders estimated above £1,000,000. The rules relating to the opening of tenders will need to be read in conjunction with any delegated authority set out in the CCG's Scheme of Delegation.
- (iii) The 'originating' Department will be taken to mean the Department sponsoring or commissioning the tender.
- (iv) The involvement of Finance Directorate staff in the preparation of a tender proposal will not preclude the Chief Financial Officer or any approved Senior Manager from the Finance Directorate from serving as one of the two senior managers to open tenders.
- (v) All Executive Directors/members will be authorised to open tenders regardless of whether they are from the originating department provided that the other authorised person opening the tenders with them is not from the originating department.

The CCG's Company Secretary will count as a Director for the purposes of opening tenders.

- (vi) Every tender received shall be marked with the date of opening and initialed by those present at the opening.

(vii) A register shall be maintained by the Accountable Officer, or a person authorised by him, to show for each set of competitive tender invitations despatched:

- the name of all firms individuals invited;
- the names of firms individuals from which tenders have been received;
- the date the tenders were received and opened;
- the persons present at the opening;
- the price shown on each tender;
- a note where price alterations have been made on the tender and suitably initialed.

Each entry to this register shall be signed by those present.

A note shall be made in the register if any one tender price has had so many alterations that it cannot be readily read or understood.

(viii) Incomplete tenders, i.e. those from which information necessary for the adjudication of the tender is missing, and amended tenders i.e., those amended by the tenderer upon his/her own initiative either orally or in writing after the due time for receipt, but prior to the opening of other tenders, should be dealt with in the same way as late tenders. (DFP No. 17.6.5 below).

10.5.4 **Admissibility**

- i) If for any reason the designated officers are of the opinion that the tenders received are not strictly competitive (for example, because their numbers are insufficient or any are amended, incomplete or qualified) no contract shall be awarded without the approval of the Accountable Officer.
- (ii) Where only one tender is sought and/or received, the Accountable Officer and Chief Financial Officer shall, as far practicable, ensure that the price to be paid is fair and reasonable and will ensure value for money for the CCG.

10.5.5 Late tenders

- (i) Tenders received after the due time and date, but prior to the opening of the other tenders, may be considered only if the Accountable Officer or his/her nominated officer decides that there are exceptional circumstances i.e. dispatched in good time but delayed through no fault of the tenderer.
- (ii) Only in the most exceptional circumstances will a tender be considered which is received after the opening of the other tenders and only then if the tenders that have been duly opened have not left the custody of the Accountable Officer or his/her nominated officer or if the process of evaluation and adjudication has not started.
- (iii) While decisions as to the admissibility of late, incomplete or amended tenders are under consideration, the tender documents shall be kept strictly confidential, recorded, and held in safe custody by the Accountable Officer or his/her nominated officer.
- (iv) Accepted late tenders will be reported to the Governing Body.

10.5.6 Acceptance of formal tenders)

- (i) Any discussions with a tenderer which are deemed necessary to clarify technical aspects of his/her tender before the award of a contract will not disqualify the tender.
- (ii) The lowest tender, if payment is to be made by the CCG, or the highest, if payment is to be received by the CCG, shall be accepted unless there are good and sufficient reasons to the contrary. Such reasons shall be set out in either the contract file, or other appropriate record.

It is accepted that for professional services such as management consultancy, the lowest price does not always represent the best value for money. Other factors affecting the success of a project include:

- (a) experience and qualifications of team members;
- (b) understanding of client's needs;
- (c) feasibility and credibility of proposed approach;
- (d) ability to complete the project on time.

Where other factors are taken into account in selecting a tenderer, these must be clearly recorded and documented in the contract file, and the reason(s) for not accepting the lowest tender clearly stated.

- (iii) No tender shall be accepted which will commit expenditure in excess of that which has been allocated by the CCG and which is not in accordance with these Instructions except with the authorisation of the Accountable Officer.
- (iv) The use of these procedures must demonstrate that the award of the contract was:
 - (a) not in excess of the going market rate / price current at the time the contract was awarded;
 - (b) that best value for money was achieved.
 - (c) not at the detriment to the social value of the local population.
- (v) All Tenders should be treated as confidential and should be retained for inspection.

10.5.7 Tender reports to the CCG Governing Body

Reports to the CCG Governing Body will be made on an exceptional circumstance basis only.

10.5.8 List of approved firms

(a) Responsibility for maintaining list

A manager nominated by the Accountable Officer shall on behalf of the CCG maintain lists of approved firms from who tenders and quotations may be invited. These shall be kept under frequent review. The lists shall include all firms who have applied for permission to tender and as to whose technical and financial competence the CCG is satisfied. All suppliers must be made aware of the CCG's terms and conditions of contract.

(b) Building and Engineering Construction Works

Building and Engineering construction work are not activities that the CCG is currently authorised to engage in, however this section is included for completeness;

- (i) Invitations to tender shall be made only to firms included on the approved list of tenderers compiled in accordance with this Instruction or on the separate maintenance lists compiled in accordance with Estmancode guidance (Health Notice HN(78)147).
- ii) Firms included on the approved list of tenderers shall ensure that when engaging, training, promoting or dismissing employees or in any conditions of employment, shall not discriminate against any person because of colour, race, ethnic or national origins, religion or sex, and will comply with the provisions of the Equal Pay Act 1970, the Sex Discrimination Act 1975, the Race Relations Act 1976, and the Disabled Persons (Employment) Act 1944 and any amending and/or related legislation.
- iii) Firms shall conform at least with the requirements of the Health and Safety at Work Act and any amending and/or other related legislation concerned with the health, safety and welfare of workers and other persons, and to any relevant British Standard Code of Practice issued by the British Standard Institution. Firms must provide to the appropriate manager a copy of its safety policy and evidence of the safety of plant and equipment, when requested.

(c) **Financial Standing and Technical Competence of Contractors**

The Chief Financial Officer may make or institute any enquiries he/she deems appropriate concerning the financial standing and financial suitability of approved contractors. The Director with lead responsibility for clinical governance will similarly make such enquiries as is felt appropriate to be satisfied as to their technical / medical competence.

10.5.9 Exceptions to using approved contractors

If in the opinion of the Accountable Officer and the Chief Financial Officer or the Director with lead responsibility for clinical governance it is impractical to use a potential contractor from the list of approved firms/individuals (for example where specialist services or skills are required and there are insufficient suitable potential contractors on the list), or where a list for whatever reason has not been prepared, the Accountable Officer should ensure that appropriate checks are carried out as to the technical and financial capability of those firms that are invited to tender or quote.

An appropriate record in the contract file should be made of the reasons for inviting a tender or quote other than from an approved list.

10.6 Quotations: Competitive and non-competitive

10.6.1 General Position on quotations

Quotations are required where formal tendering procedures are not adopted and where the intended expenditure or income exceeds, or is reasonably expected to exceed £15,000, but not exceed £49,999.

10.6.2 Competitive Quotations

- (i) Quotations should be obtained from at least 3 firms/individuals based on specifications or terms of reference prepared by, or on behalf of, the CCG or Executive Committee. Governing Body
- (ii) Quotations should be in writing unless the Accountable Officer or his nominated officer determines that it is impractical to do so in which case quotations may be obtained by telephone. Confirmation of telephone quotations should be obtained as soon as possible and the reasons why the telephone quotation was obtained should be set out in a permanent record.
- (iii) All quotations should be treated as confidential and should be retained for inspection.
- (iv) The Accountable Officer or his nominated officer should evaluate the quotation and select the quote which gives the best value for money. If this is not the lowest quotation if payment is to be made by the CCG, or the highest if payment is to be received by the CCG, then the choice made and the reasons why should be recorded in a permanent record.

10.6.3 Non-Competitive Quotations

Non-competitive quotations in writing may be obtained in the following circumstances:

- (i) the supply of proprietary or other goods of a special character and the rendering of services of a special character, for which it is not, in the opinion of the Responsible Officer, possible or desirable to obtain competitive quotations;
- (ii) the supply of goods or manufactured articles of any kind which are required quickly and are not obtainable under existing contracts;
- (iii) miscellaneous services, supplies and disposals;

- (iv) where the goods or services are for building and engineering maintenance the responsible works manager must certify that the first two conditions of this SFI (i.e.: (i) and (ii) of this DFP) apply.

10.6.4 Quotations to be within Financial Limits

No quotation shall be accepted which will commit expenditure in excess of that which has been allocated by the CCG and which is not in accordance with DFPs except with the authorisation of either the Accountable Officer or Chief Financial Officer.

10.7 In-house Services

10.7.1 The Accountable Officer shall be responsible for ensuring that best value for money can be demonstrated for all services provided on an in-house basis. The CCG may also determine from time to time that in-house services should be market tested by competitive tendering.

10.7.2 In all cases where the Governing Body or Clinical Management Board (CMB) determines that in-house services should be subject to competitive tendering the following groups shall be set up:

- (a) Specification group, comprising the Accountable Officer or nominated officer/s and specialist.
- (b) In-house tender group, comprising a nominee of the Accountable Officer and technical support.
- (c) Evaluation team, comprising normally a specialist officer, a supplies officer and a Chief Financial Officer representative. For services having a likely annual expenditure exceeding £100,000], a non-officer member should be a member of the evaluation team.

10.7.3 All groups should work independently of each other and individual officers may be a member of more than one group but no member of the in-house tender group may participate in the evaluation of tenders.

10.7.4 The evaluation team shall make recommendations to the Governing Body or Clinical Management Board (CMB) .

10.7.5 The Accountable Officer shall nominate an officer to oversee and manage the contract on behalf of the CCG.

10.8 Applicability of DFPs on Tendering and Contracting to funds held in trust

These Instructions shall not only apply to expenditure from Exchequer funds but also to works, services and goods purchased from the CCG's trust funds and private resources.

11. NHS SERVICE AGREEMENTS FOR PROVISION OF SERVICES – (Section 14 PFP)

11.1 Service Level Agreements (SLAs)

11.1.1 The Accountable Officer, as the Accountable Officer, is responsible for ensuring the CCG enters into suitable Service Level Agreements (SLA) with service commissioners for the provision of NHS services.

All SLAs should aim to implement the agreed priorities contained within the Strategic Plan and wherever possible, be based upon integrated care pathways to reflect expected patient experience. In discharging this responsibility, the Accountable Officer should take into account:

- the standards of service quality expected;
- the relevant national service framework (if any);
- the provision of reliable information on cost and volume of services;
- the NHS National Performance Assessment Framework;
- that SLAs build where appropriate on existing Joint Investment Plans;
- that SLAs are based on integrated care pathways.

11.2 Involving Partners and jointly managing risk

A good SLA will result from a dialogue of clinicians, users, carers, public health professionals and managers. It will reflect knowledge of local needs and inequalities. This will require the Accountable Officer to ensure that the CCG works with all partner agencies involved in both the delivery and the commissioning of the service required. The SLA will apportion responsibility for handling a particular risk to the party or parties in the best position to influence the event and financial arrangements should reflect this. In this way the CCG can jointly manage risk with all interested parties. Due consideration in all

provider/purchaser arrangements must be observed as the NHS moves toward a 'Patient-led NHS'.

11.2 What services will look like

In order to be patient-led, the NHS will develop new service models which build on current experience and innovation to:

- give patients more choice and control wherever possible;
- offer integrated networks for emergency, urgent and specialist care to ensure that everyone throughout the country has access to safe, high quality care;
- make sure that all services and all parts of the NHS contribute to health promotion, protection and improvement.

Securing services

The NHS will develop the way it secures services for its patients. It will:

- promote more choice in acute care by offering choice to the patient both in number and type of provider;
- encourage development of new community and primary services alongside new practices;
- strengthen existing networks for emergency, urgent and specialist services;
- build on current practices in shared commissioning to create a far simpler contract management and administration system that can be professionally managed.

Changing the way the NHS works

The NHS needs a change of culture as well as of systems to become truly patient-led, where:

- everything is measured by its impact on patients and type of provider
- the NHS is as concerned with health promotion and prevention as with sickness and injury;

- frontline staff have more authority and autonomy to better support the patient;
- barriers which create rigidity and inflexibility are tackled and codes of conduct and shared values are instilled into the culture.

Making the changes

A Patient-led NHS needs effective organisations and incentives, with:

- a new development programme to help NHS Trusts become NHS Foundation Trusts;
- a similar structured programme to support CCGs in their development
- further development of Payment by Results to provide appropriate financial incentives for all services;
- greater integration of all the financial and quality incentives along with full utilisation of new human resources and IT programmes.

11.4 Reports to Governing Body on SLAs

The Accountable Officer will need to ensure that regular reports are provided to Governing Body detailing actual and forecast expenditure against the SLA. This will include information on costing arrangements, which increasingly should be based upon Healthcare Resource Groups (HRGs). Where HRGs are unavailable for specific services, all parties should agree a common currency for across the range of SLAs.

12. COMMISSIONING – (Section 14 PFP)

12.1 Role of the CCG in Commissioning Secondary Services

12.1.1 The CCG has responsibilities for commissioning secondary services on behalf of the resident population. This will require the CCG to work in partnership with the National Commissioning Governing Body, local NHS Trusts, CCGs, and FTs, local authority, users, carers and the voluntary sector to develop a Strategic Plan.

12.2 Role of the Accountable Officer

12.2.1 The Accountable Officer has responsibility for ensuring secondary services are commissioned in accordance with the priorities agreed in

the LDP. This will involve ensuring SLAs are put in place with the relevant providers, based upon integrated care pathways.

12.2.2 Contacts / SLAs will be the key means of delivering the objectives of the LDP and therefore they need to have a wider scope. The CCG Accountable Officer will need to ensure that all contracts / SLAs;

- Meet the standards of service quality expected;
- Fit the requirement of 'Standards for Better Health';
- Fit the relevant national service framework (if any);
- Enable the provision of reliable information on cost and volume of services;
- Fit the NHS National Performance Assessment Framework;
- build where appropriate on existing Joint Investment Plans;
- are based upon cost-effective services;
- are based on integrated care pathways.

12.2.3 The Accountable Officer will need to ensure that regular reports are provided to Governing Body detailing actual and forecast expenditure and activity for each contract / SLA for healthcare services.

12.2.4 Where the CCG makes arrangements for the provision of services by non-NHS providers it is the Accountable Officer who is responsible for ensuring that the agreements put in place have due regard to the quality and cost-effectiveness of services provided. Before making any agreement with non-NHS providers, the CCG should explore fully the scope to make maximum cost-effective use of NHS facilities.

12.3 Role of Chief Financial Officer

12.3.1 A system of financial monitoring must be maintained by the Chief Financial Officer to ensure the effective accounting of expenditure under the SLA. This should provide a suitable audit trail for all payments made under the agreements, but maintains patient confidentiality.

12.3.2 The Chief Financial Officer must account for Out of Area Treatments/Non Contract Activity financial adjustments in accordance with national guidelines.

13. RISK MANAGEMENT AND INSURANCE – (Section 15 PFP)

13.1 Programme of Risk Management

The Accountable Officer shall ensure that the CCG has a programme of risk management, in accordance with the current NHS England assurance framework requirements, which must be approved by the Governing Body and monitored by Governing Body.

The programme of risk management shall include:

- a) a process for identifying and quantifying risks and potential liabilities;
- b) engendering among all levels of staff a positive attitude towards the control of risk;
- c) management processes to ensure all significant risks and potential liabilities are addressed including effective systems of internal control, cost effective insurance cover, and decisions on the acceptable level of retained risk;
- d) contingency plans to offset the impact of adverse events;
- e) audit arrangements including; internal audit, clinical audit, health and safety review;
- f) a clear indication of which risks shall be insured;
- g) arrangements to review the risk management programme.

The existence, integration and evaluation of the above elements will assist in providing a basis to make a statement on the effectiveness of internal control within the Annual Report and Accounts as required by current NHS England and NHS Improvement guidance.

13.2 Insurance: Risk Pooling Schemes administered by NHSLA

Governing Body shall decide if the CCG will insure through the risk pooling schemes administered by NHS Resolution or self insure for some or all of the risks covered by the risk pooling schemes. If the Governing Body decides not to use the risk pooling schemes for any of the risk areas (clinical, property and employers/third party liability) covered by the scheme this decision shall be reviewed annually.

13.3 Insurance arrangements with commercial insurers

13.3.1 There is a general prohibition on entering into insurance arrangements with commercial insurers. There are, however, **three exceptions** when CCGs may enter into insurance arrangements with commercial insurers. The exceptions are:

(1) for **insuring motor vehicles** owned by the CCG including insuring third party liability arising from their use;

(2) where the CCG is involved with a consortium in a **Private Finance Initiative contract** and the other consortium members require that commercial insurance arrangements are entered into;

(3) where **income generation activities** take place. Income generation activities should normally be insured against all risks using commercial insurance. If the income generation activity is also an activity normally carried out by the CCG for a NHS purpose the activity may be covered in the risk pool. Confirmation of coverage in the risk pool must be obtained from NHS Resolution. In any case of doubt concerning a CCG's powers to enter into commercial insurance arrangements the Finance Director should consult the Department of Health.

13.4 Arrangements to be followed by the Governing Body in agreeing Insurance cover

(1) Where the CCG decides to use the risk pooling schemes administered by NHS Resolution the Chief Financial Officer shall ensure that the arrangements entered into are appropriate and complementary to the risk management programme. The Chief Financial Officer shall ensure that documented procedures cover these arrangements.

(2) Where the CCG decides not to use the risk pooling schemes administered by NHS Resolution for one or other of the risks covered by the schemes, the Chief Financial Officer shall ensure that the Governing Body is informed of the nature and extent of the risks that are self-insured as a result of this decision. The Chief Financial Officer will draw up formal documented procedures for the management of any claims arising from third parties and payments in respect of losses which will not be reimbursed.

(3) All the risk pooling schemes require Scheme members to make some contribution to the settlement of claims (the 'deductible'). The Chief Financial Officer should ensure documented procedures also cover

the management of claims and payments below the deductible in each case.

14. TERMS OF SERVICE, ALLOWANCES AND PAYMENT OF MEMBERS OF THE CCG GOVERNING BODY AND EMPLOYEES – (Section 16 PFP)

14.1 Remuneration and Terms of Service

14.1.1 In accordance with PFPs the Governing Body shall establish a Appointments and Remuneration Committee, with clearly defined terms of reference, specifying which posts fall within its area of responsibility, its composition, and the arrangements for reporting.

14.1.2 The Committee will:

- (a) advise the Governing Body about appropriate remuneration and terms of service for the Accountable Officer, other officer members employed by the CCG and other senior employees including:
 - (i) all aspects of salary (including any performance-related elements/bonuses);
 - (ii) provisions for other benefits, including pensions and cars;
 - (iii) arrangements for termination of employment and other contractual terms;
- (b) make such recommendations to the Governing Body on the remuneration and terms of service of officer members of the Governing Body and other senior employees to ensure they are fairly rewarded for their individual contribution to the CCG - having proper regard to the CCG's circumstances and performance and to the provisions of any national arrangements for such members and staff where appropriate;
- (c) monitor and evaluate the performance of individual officer members of Governing Body and other senior employees;
- (d) advise on and oversee appropriate contractual arrangements for such staff including the proper calculation and scrutiny of termination payments taking account of such national guidance as is appropriate.

14.1.3 The Committee shall report in writing to the Governing Body the basis for its recommendations. The Governing Body shall use the report as the basis for their decisions, but remain accountable for taking decisions on the remuneration and terms of service of Governing Body members. Minutes of the Governing Body's meetings should record such decisions.

14.1.4 The Governing Body will consider and need to approve proposals presented by the Accountable Officer for the setting of remuneration and conditions of service for those employees and officers not covered by the Committee.

14.1.5 The CCG will pay allowances to the Chair and non-officer members of the Governing Body in accordance with instructions issued by the Secretary of State for Health.

14.2 Funded Establishment

14.2.1 The manpower plans incorporated within the annual budget will form the funded establishment.

14.2.2 The funded establishment of any department may not be varied without the approval of the Accountable Officer.

14.3 Staff Appointments

14.3.1 No officer or Member of the CCG Governing Body or employee may engage, re-engage, or re-grade employees, either on a permanent or temporary nature, or hire agency staff, or agree to changes in any aspect of remuneration:

(a) unless authorised to do so by the Accountable Officer and countersigned by the Chief Finance Officer; and

(b) within the limit of their approved budget and funded establishment.

14.3.2 The Governing Body will approve procedures presented by the Accountable Officer for the determination of commencing pay rates, condition of service, etc, for employees.

14.4 Processing Payroll

14.4.1 The Chief Financial Officer is responsible for:

(a) specifying timetables for submission of properly authorised time records and other notifications;

- (b) the final determination of pay and allowances;
- (c) making payment on agreed dates;
- (d) agreeing method of payment.

14.4.2 The Chief Financial Officer will issue instructions regarding:

- (a) verification and documentation of data;
- (b) the timetable for receipt and preparation of payroll data and the payment of employees and allowances;
- (c) maintenance of subsidiary records for superannuation, income tax, social security and other authorised deductions from pay;
- (d) security and confidentiality of payroll information;
- (e) checks to be applied to completed payroll before and after payment;
- (f) authority to release payroll data under the provisions of the Data Protection Act;
- (g) methods of payment available to various categories of employee and officers;
- (h) procedures for payment by cheque, bank credit, or cash to employees and officers;
- (i) procedures for the recall of cheques and bank credits;
- (j) pay advances and their recovery;
- (k) maintenance of regular and independent reconciliation of pay control accounts;
- (l) separation of duties of preparing records and handling cash;
- (m) a system to ensure the recovery from those leaving the employment of the CCG of sums of money and property due by them to the CCG.

14.4.3 Appropriately nominated managers and Governing Body members have delegated responsibility for:

- (a) submitting time records, and other notifications in accordance with agreed timetables;
- (b) completing time records and other notifications in accordance with the Chief Financial Officer's instructions and in the form prescribed by the Chief Financial Officer;
- (c) submitting termination forms in the prescribed form immediately upon knowing the effective date of an employee's or officer's resignation, termination or retirement. Where an employee fails to report for duty or to fulfill Governing Body obligations in circumstances that suggest they have left without notice, the Chief Financial Officer must be informed immediately.

14.4.4 Regardless of the arrangements for providing the payroll service, the Chief Financial Officer shall ensure that the chosen method is supported by appropriate (contracted) terms and conditions, adequate internal controls and audit review procedures and that suitable arrangements are made for the collection of payroll deductions and payment of these to appropriate bodies.

14.5 Contracts of Employment

14.5.1 The Governing Body shall delegate responsibility to an officer for:

- (a) ensuring that all employees are issued with a Contract of Employment in a form approved by the Governing Body and which complies with employment legislation; and
- (b) dealing with variations to, or termination of, contracts of employment.

15. NON-PAY EXPENDITURE – (Section 17 PFP)

15.1 Delegation of Authority

15.1.1 Governing Body will approve the level of non-pay expenditure on an annual basis and the Accountable Officer will determine the level of delegation to budget managers.

15.1.2 The Accountable Officer will set out:

- (a) the list of managers who are authorised to place requisitions for the supply of goods and services;

- (b) the maximum level of each requisition and the system for authorisation above that level.

15.1.3 The Accountable Officer shall set out procedures on the seeking of professional advice regarding the supply of goods and services.

15.2 Choice, Requisitioning, Ordering, Receipt and Payment for Goods and Services

15.2.1 Requisitioning
